

QUALITY

Winnebago RVs are designed and built around you, with superior craftsmanship, advanced manufacturing technologies and steel-focused construction to enhance safety and reliability.

INNOVATION

From groundbreaking RVs to game-changing features to the spacious floorplans made possible by our SmartSpace™ design, our heritage is unrivaled for continuous industry firsts in vehicle technology and design.

SERVICE

Our carefully chosen dealers are supported by factory training and our advanced parts supply system, while owners benefit from excellent real-world customer support as well as 24/7 access to online technical information.

BELONGING

Winnebago owners are a connected community – some of the friendliest, most knowledgeable and welcoming RVers you’ll find anywhere.

© 2024 Winnebago

The new day dawns.
A day of unrivaled
freedom. Connection.
And life lived to
its fullest.

Those who will not
settle know there is
no rehearsal.

The time for your
Journey is now.

Exteriors subject to change. See weights & measures page for current exterior paint options.

Meet the Winnebago Journey

The Winnebago® Journey® is designed for luxury travel and entertaining. This fully loaded coach features stylish, modern refinements from front to back.

- » Freightliner® XCM chassis with an integrated Maxum™ II foundation
- » 8.9L, 380-hp Cummins® L9 turbo-diesel with 1,150 foot-pounds of torque
- » Best-in-Class storage featuring SureStore™ compartment doors with push-button release and powered, cinch close
- » Industry-leading quiet ride with automotive grade sound deadening
- » Smart technology command center with a mobile app 
- » Large open living space with premium amenities

WINNEBAGO

Revolutionary Design

The tapered front end of the Journey is unlike any other coach on the market, designed to maximize sightlines and reduce noise. The rounded corners, integrated awning, narrow slideout trim, and elimination of cargo door latches further reduce wind resistance while adding to the sophisticated exterior style.

- 1 HIGH-GLOSS SIDEWALLS
featuring Sikkens® premium high-gloss enhanced paint in six different finishes for you to choose from
- 2 STYLISH RECTILINEAR LED HEADLAMPS
light up the night
- 3 BEST-IN-CLASS STORAGE
heated, lined and lighted, 31" in height, SureStore™ storage compartments with push-button release, powered, cinching, soft-close doors and pass-through slide-out trays accessible from either side of the coach
- 4 POWERED AWNINGS
featuring a 22' Carefree® Apex™ awning mounted to the roof, which expands 12' for covered living space and includes LED lighting and a wind sensor, as well as an additional awning over the door for covered entry into the coach
- 5 EXTERIOR ENTERTAINMENT CENTER
with 43" TV, home theater sound bar system (with portable Bluetooth® subwoofer) and available refrigerator/freezer for outdoor entertaining
- 6 EXTERIOR WASH STATION
with powered, retractable freshwater hose (located on the driver's side) for ease of use
- 7 PET LEASH TIE DOWN
to keep your pets safe and close to home

Exteriors subject to change. See weights & measures page for current exterior paint options.

No Compromises

Frameless, tinted and contoured windows, opposing slideouts, contemporary design and modern finishes make the Journey's open and inviting space perfect for entertaining guests or relaxing in quiet comfort.

Refined, Spacious Lounge

Versatile seating, convenient technology and ambiance make the Journey's upscale lounge area the pinnacle of RV comfort and function wherever you travel.

- » Rest Easy® sofa or theater seating with lap table for versatility and entertaining
- » 50" Smart HDTV with home theater sound bar system
- » Two innovative and versatile "chottomans" to relax in as chairs with back rest, as an ottoman or coffee table with storage
- » Electric fireplace with ambiance or heat setting
- » Dual-pane, tinted and frameless contoured windows provide a panoramic view
- » Glide & Dine® table and chairs
- » Central vacuum system handles cleaning with ease
- » Convenient USB chargers and multiplex wall switches throughout

Modern Kitchen Solutions

The kitchen is the heart of the home, and the fully equipped Journey galley is every bit as attractive and well-designed as the rest of this stunning home on wheels.

- » Modular stainless steel prep sink, with functional single or dual basin, drying rack and wood cutting board
- » 18-cubic-foot double-door residential refrigerator/freezer with water dispenser, automatic icemaker and bottom freezer drawer
- » Microwave/convection oven with range fan
- » Fast and efficient two-burner induction range cooktop
- » Corian® countertops with flip-up extension
- » Dual-stacked pantry accessible from either side
- » Available dishwasher

Masterful Private Retreat

Just past the sliding privacy door with stainless barn style hardware, the slideout-equipped master bedroom is a spacious retreat. This polished master suite also includes smart storage solutions throughout the space.

- » Walkaround king bed with Easy Make™ bed system, power incline headrest and lockable under-bed storage compartment
- » 43" Smart HDTV
- » Baldacci® customizable Italian wardrobe system
- » Nightstands with medical device storage, 110V outlets and USB ports
- » Additional cabinets are prepped for the optional washer/dryer
- » Large shower (30" x 42") with integrated seat
- » Luxury dual showerheads with large rainfall shower feature and wand fixture
- » Electric-flush porcelain toilet

High End Driving Experience

The Journey's new front end design maximizes visibility and minimizes noise, while the Freightliner DriveTech™ driving system provides the most advanced display and control system in the RV industry.

- » Ergonomic steering wheel featuring a TRW® tilt/telescopic steering column with foot-actuated pedal
- » DriveTech™ column-mounted controls paired with the OptiView™ all-digital dash and instrument panel cluster
- » Six-way power-assisted driver and passenger seats with swivel function, adjustable armrests, multi-adjustable recline and fixed lumbar support
- » Xite® Radio 12.3" LCD color touchscreen, infotainment/GPS navigation system, radio/rearview monitor system, handheld remote, rear color camera, Sirius-XM®-ready and USB input
- » HDMI and MHL connectivity with CB wiring prep

Smart Technology Control Center

Our new smart coach system allows you to control all aspects of your coach from your mobile device. In addition to the mobile interface, the smart coach system control panel is located in the hallway next to the bedroom.

-  **Home** - monitor tank resources, climate, battery level and more
-  **Power** - check AC power, energy management and generator status
-  **Temperature** - adjust heating and air anywhere in the motorhome
-  **Lighting** - control lights inside or outside the coach
-  **Slideout, awning and leveling** - settle in and expand your living space or retract for travel
-  **Settings** - personalize your smart technology command center to your preferences
-  **Winnebago Journey**
 

Carefully designed to make every day a special occasion

Our thoughtful floorplan design flows effortlessly from one living space to another, and features well-chosen amenities to enhance comfort and ease at every turn.

1 yr/36,000 mile limited⁸

36-month/100,000-mile structural and delamination limited warranty⁹

FOOTNOTES

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Contact your dealer for further information.
- Floorplans feature a wide-body design - over 96". You should be aware that some states restrict access on some or all state roads to 96" in body width. You should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result.
- Capacities shown are the tank manufacturer's listed water capacity (W.C.). Actual filled propane capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Refer to the chassis operator's manual of your motorhome for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.
- Sleeping capacity is the maximum based on a specific floorplan. Not all items available in combination. See dealer for details.

Because features, specifications, equipment, and options may vary from those highlighted in this brochure, the buyer is responsible for confirming with the dealer the features, specifications, equipment, and options included on their specific vehicle. In addition, Winnebago's program of continuous product improvement may result in changes to vehicle specifications, equipment, model availability, and price without notice.
